APSO gives update on investigation after two people found deceased in residence

According to Chief Deputy Bobby Webre, autopsy reports reveal no signs of trauma to the body of 50-year-old Rickey Foster and 56-year-old Connie Bolen, both of Prairieville who were found deceased in their Prairieville residence shortly before 3 p.m. on Monday, September 17.

All available evidence, as well as, both decedents' next of kin statements clearly indicates a sad and tragic death due to ongoing addiction issues.

More will be known and verification will be obtained to further come to final conclusions as to the cause of their deaths. Toxicology results are still pending.
